HOA Meetings

The next association meeting will be held on

Nov. 24, 2009

At

7:00 PM

At

**Trabuco Canyon
Water District
Offices**

HOA Web-Site

&

Meeting Agendas

at

Ranchocielo.org

Please Call In Your Guests

With the holidays quickly approaching, we want to remind you to call in your guests ahead of time and or provide a list of names of your guests to the guardhouse. Your efforts will help get your guests to your home more quickly.

Street Maintenance

The association's engineer, Labelle Marvin Company, has now completed their study of our streets and the Board will review their findings. The association can now go out and obtain bids for the proper corrective maintenance action. We will keep you informed as we progress with the project.

Exterior Changes

Before you perform any exterior changes to your home, you must first submit an architectural variance request application to the Board for review and approval. Changes made without association approval may not be permitted and will have to be changed. **Please note that the association has completed the update of the approved color schemes.** If you are planning on painting the exterior of your home, please call our manager for more details on the new color schemes.

Landscape Watering

Please remember that the TCWD has imposed new watering regulations on the association and on the individual homeowners. Some of these changes involve no watering during the daytime. **If you did not get your notice from the TCWD and need clarification, please call them at 949-858-0277.**

Happy Thanksgiving

Time for Change

With the pending change in our time, it is now a good time to check the batteries in your smoke detectors, carbon monoxide detectors and emergency equipment such as flash lights and radios. It is also a good time to check the timing on your irrigation systems. You may also want to inspect items such as the water supply lines for your sinks, toilets, dishwasher, and clothes washer. If you have not already done so, it is a good idea to replace out original or older supply lines with the steel braided hoses. Your efforts will save you time and money!

Resident Parking

As a reminder, all residents are required to park their vehicles inside their garage or in their driveway. Residents are not permitted to park on the street without association approval and only for certain reasons.

Also, residents are not permitted to park their vehicles overnight in the pool area or tennis court area parking lots. These lots are intended for short term use by those residents visiting the pool or tennis court areas.
