HOA Meetings

The next association meeting will be held on

Mar. 28, 2006

At

7:00 PM

At

**Trabuco Canyon
Water District
Offices**

**HOA Web-Site
Ranchocielo.org**

Vehicle Decals & Access Code

In the next few days we will be mailing the new vehicle decals for resident vehicles. These decals will be needed by all residents in order to gain quick access into the community.

Also, we will be changing the gate access codes in order to improve the security of our community.

Annual Meeting & Election

Due to the timing of this newsletter, we are unable to publish the results of the annual election. If we are unable to obtain the needed quorum, the meeting will be rescheduled for March 28, 2006. We will let you know.

Exterior Changes

Before you perform any exterior changes to your home, you must first submit an architectural variance request application to the Board for review and approval. Changes made without association approval may not be permitted and will have to be changed. If you have questions, please call our manager. Thank you!

Exterior Painting

As a reminder, the association has pre-approved color schemes for the exterior of your home. If you are looking to make a change or have been asked to do so, this process can be very quick and easy. If you have checked out a paint color book from the guard shack, please return it. **We are missing most of the books due to the fact that owners have not returned them.** Thank you!

Iron Fence Painting

Please inspect the white iron fencing around your property. We have recently sent several letters to owners asking them to paint their fencing due to rust stains. Not only will this effort help beautify our community, it will help preserve your fence and save you money. The approved fence color is Dunn Edwards, Swiss Coffee.

Pest Concerns

Please check your yard for standing water that accumulates in bird baths, fountains, water dishes, etc. It has been reported that we will have a serious problem with mosquitoes this year, including the possible problem with West Nile Virus. Be sure to eliminate or treat any standing water. Also, we ask that you not leave pet food outside your home. The food will often attract rodents and can also attract larger animals to your yard and home.

If you have a problem with mosquitoes in your yard or see areas of standing water or if you have problems with rodents in your yard such as mice or rats, you can call Vector Control at (949) 654-2421.
